MADE IN CAMBRIDGE

16th June to 5th July 2008

Cambridge Association of Architects Showcases Best Designs

The Cambridge Association of Architects (CAA) is holding its annual, summer exhibition of the work of local practices. Sponsored by The Royal Institute of British Architects (RIBA) East and Arthousedigital.co.uk, the event is taking place over three weeks, from 16th June to 5th July 2008, from 9.30 am – 5 pm, Monday to Saturday, at The Michaelhouse Centre in Trinity Street, Cambridge CB2 1SU.

17 Cambridge practices will be participating in the photographic exhibition, each practice providing a single, large image representing the work of the practice with explanatory information about the building on display.

The exhibition coincides with the The Shape Summer Lecture on 18th June from 6.30pm - 7.30pm at the University Centre, Granta Place, Mill Lane, Cambridge CB2 1RU. Shape East is the Architecture and Built Environment Centre for the Eastern Region. Shape aims to raise aspirations and encourage debate about the built environment. Tickets are £10. To reserve a ticket please contact admin@shape-east.org.uk or 01223 462606. The lecture will be followed by The Cambridge Architects Association Summer Exhibition (with pay bar) at The Michaelhouse Centre from 7.45pm.

INVESTOR IN PEOPLE

An evening Reception will take place at The Michaelhouse Centre Wednesday 25th June from 6pm to 9 pm.

Louise Todd, Regional Director, RIBA East, commented: “We are delighted to support the Made in Cambridge exhibition. Cambridge boasts some of the finest architects in the country and this is an exciting opportunity for them to showcase their design skills and give inspiration to a public audience. Some fabulous projects will be on display, including past RIBA Award winners.”

Meredith Bowles, Chair of the CAA said: “Members of the public are welcome to attend the exhibition and lecture. The Title of the Exhibition - Made in Cambridge- echoes the title given this year by the Cambridge Forum for the Construction Industry (CFCI) to a series of talks celebrating the work of local practices.”
